Professional Experience:

The Iron Yard

Front End Engineering Student

[June 2016 – September 2016]

- Studied HTML, CSS, JavaScript and related libraries and frameworks such as SASS, React.JS, and Node.js.
- Built several web applications, such as Unite - an app for gamers that allows them to party up before they play.
- Learned how to continue growing and learning as a developer.

Kinney Group

Marketing Coordinator

[May 2015 – June 2016]

- Updated and modified the company's Brand Guidelines into a more consistent visual identity.
- Lead the development of graphics creation that bridged both our brand identity and the strategic direction of the company for use in marketing materials.
- Created and implemented Kinney Group's 2016 digital media strategy, which manifested as recognition in the form of a Mira Awards Nomination, and several CRN awards.
- Managed the creation, development, and implementation of the company's blogging platform.

IntelliHire – Lafayette, IN

Product Manager

[July 2013 – April 2014]

- Led and managed multiple teams of developers and ensured effective communication between teams.
- Brainstormed and developed a product vision and determined future development plans.

Honors:

- Chosen for Purdue's "5 Students Who..." campaign twice [February 2011 & July 2011]
- Speaker at SIGGRAPH Conference [July 2010]
- \$10,000 Winner of National Idea to Product Competition for Social Entrepreneurship [April 2010]
